

WELSH LEGAL HISTORY SOCIETY

MEMBERSHIP FORM

The Welsh Legal History Society was established in the year 2000, following the opening of a new chapter in the legal history of Wales with the inauguration of the National Assembly. The aim of the Society is to encourage the study and to advance the knowledge of the history of law in Wales, a history which has been both rich and varied, with contributions drawn from Celtic, Roman, native Welsh, Marcher and English common law sources. Although England, Scotland and Ireland had societies devoted to the study of their legal history, Wales lacked such a scholarly enterprise. That deficit was made good by establishing the Welsh Legal History Society, which functions by publishing volumes containing collections of papers given at conferences organised by the Society, or, in some years, works of original scholarship, scholarly editions of texts, or original documents relating to the history of law in Wales. Every member receives a copy of each volume as part of their annual subscription..

Below, there is a membership form to join the society. The annual fee for membership is :

£20 for individuals within the British Isles,
£30 for individuals in other countries (\$50 in the USA)
£50 for institutions and corporations. (\$75 in the USA)
£10 for students in the United Kingdom.

Thank you very much for your support.
